

Sidhshwer Bansode

Software Engineer | MERN Stack | Java & Spring Boot Developer

Mumbai, India | 2000sidhshwerbr@gmail.com | 9137570616 | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Motivated Full Stack Developer with hands-on experience in building scalable and secure web applications using MERN stack, Java, and Spring Boot. Skilled in developing responsive user interfaces, authentication systems, REST APIs, and real-time applications. Strong problem-solving, teamwork, and software development skills with experience delivering real-world projects from concept to deployment.

TECHNICAL SKILLS

- **Frontend Technologies:** React.js, HTML5, CSS3, Bootstrap, JavaScript
- **Backend Technologies:** Node.js, Express.js, Spring Boot, REST APIs
- **Databases:** MongoDB, MySQL
- **Programming Languages:** Java, JavaScript
- **Authentication & Security:** JWT Authentication, Google OAuth2, Two-Factor Authentication, Spring Security
- **Tools & Platforms:** Git, GitHub, Render

PROJECTS

- [SidbanAI](#): Developed an AI-powered conversational platform using React.js, Spring Boot, Spring AI, and MongoDB with persistent chat history, Markdown rendering, authentication, and LLaMA-based response generation.
- [Sidban-Auth](#): Developed a secure authentication platform using React.js, Spring Boot, and MongoDB with Google OAuth2 integration and JWT-based authentication. Implemented two-factor authentication (2FA) using QR Code and OTP verification.
- [Sidban-Movies](#): Built a full-stack movie streaming platform using the MERN stack with secure user authentication, responsive UI design, and optimized media streaming functionality.
- [Sidban-Chat](#): Created a real-time messaging application using MERN stack and Socket.io with live communication, online user tracking, and secure authentication.
- [Sidban-News](#): Developed an AI-powered real-time news aggregation platform using React.js, Spring Boot, and MongoDB, Integrated SidbanAI summaries, and responsive multi-category news exploration.

- [Sidban-Cinema](#): Developed an movie streaming portfolio application built using React and Spring Boot. It delivers a modern cinematic experience with secure authentication, AI-powered assistance, and seamless movie discovery while showcasing enterprise-level backend architecture.
- [Sidban-Portfolio](#): Designed and developed a responsive personal portfolio website using React.js showcasing projects, technical skills, and certifications.

EDUCATION

- **B.E. Information Technology** – A.C Patil College of Engineering, Navi Mumbai – 2022 (CGPI: 7.86)
- **HSC (Science)** – National Sarvodaya High School and Junior College, Mumbai – 2018 (65.54%)
- **SSC** – National Sarvodaya High School, Mumbai – 2016 (81.60%)

CERTIFICATIONS

- **Google** – [Technical Support Fundamentals](#) (Coursera)
- **Duke University** – [Programming Foundations with JavaScript, HTML & CSS](#) (Coursera)
- **University of Michigan** – [Programming for Everybody \(Python\)](#) (Coursera)
- **University of Michigan** – [Python Data Structures](#) (Coursera)
- **Google** – [Bits and Bytes of Computer Networking](#) (Coursera)

RESEARCH & ACHIEVEMENTS

- Published Research Paper: “[E-Authentication System using QR Code and OTP](#)” – IC-ICN Multicon-W 2022.
- Active member of NSS (National Service Scheme), contributing to community development and social service activities.
- Participated in technical workshops and coding events focused on teamwork and problem-solving.

LANGUAGES

English, Hindi, Marathi, Russian (Learning).
